Dear Mr. Noel:

Per our telephone conversation on Friday, July 29, 1983, regarding the intention by the United States Environmental Protection Agency (U.S. EPA) Region V to issue a hazardous waste permit to E.I. DuPont de Nemours and Company (DuPont), of Toledo, Ohio, the following items have been forwarded under separate cover:

- A copy of the DuPont draft permit application
- A copy of the U.S. EPA Region V draft permit for DuPont
- A copy of the U.S. EPA Region V Dupont statement of basis
- A copy of the Public Notice published in the Blade newspaper on July 29, 1983, advising the availability of these materials in the Toledo Lucas County Public Library.
- A copy of the Appeal Procedures

Thank you for your assistance in making these materials available to the public for review.

As stated in the Public Notice, U.S. EPA Region V has scheduled a public hearing on the DuPont draft permit on September 8, 1983, at the Start High School in Toledo, Ohio. U.S. EPA reserves the right to cancel the hearing if significant public interest is not expressed by August 24. If the hearing is cancelled, notice will be published in the Blade newspaper and over the broadcast station WLQR. A final decision to issue or deny the permit will be made by U.S. EPA Region V following the close of the public comment period on September 12, 1983.

Please retain the materials on file for public access until further notified. I am enclosing postage and fees paid labels for your return of the documents, and will contact you at that time.

Thank you very much for your cooperation in assisting our effort to serve the public.

Sincerely,

Ozie Robinson
Public Notice Assistant
